

3 November 2016

Dear Yvonne

Many thanks for agreeing to be kept up-to-date with our services. On the card you returned you asked for information about children's activities for your child, who has ADHD.

We know of three support groups for children with ADHD. May I suggest they are the best people to contact about this, as they will have expertise in this area. They are:

ADDers.org www.adders.org

A website that provides information on ADD/ADHD and details of support groups around the UK.

ADDISS Tel: 020 8952 2800 www.addiss.co.uk

A Registered Charity in England and Wales providing information, training and support for parents, sufferers and professionals in the fields of ADHD and related learning and behavioural difficulties.

Hyperactive Children's Support Group Tel: 01243 539 966 www.hacsg.org.uk

Registered Charity in England and Wales providing information and advice for parents, carers and professionals dealing with hyperactivity and ADHD.

You also asked about local support groups in your area. If you contact our team in the North West at northwest@cafamily.org.uk they will be able to let you know about support groups in Manchester.

I hope this is helpful,

With kind regards

Karin Beeler
